

Industrial Casters, Wheels and Material Handling Products

# ROLL SMART, ROLL SAFE!

65-DUR-0820-S-FIFG

Keep safety in mind with RWM Casters new Field Installable Foot Guards (FIFG for short). Also known as toe guards, these units install onto RWM's 47, 48, 52 and 65 series caster products. The FIFG is designed to shield workers feet from heavy carts which could potentially cause injury.

The design is similar to the fully integrated guards available on all RWM Kingpinless caster products from the factory. These field installable units can quickly and effectively convert existing product in use or from inventory into a more safety oriented design. Available for 4 x 2 up to 8 x 2 inch wheel sizes. Can be ordered with various finishes, the standard being type I zinc plate to match the series above.

FIFG-8 Kit (Includes FIFG, Axle & Nut)  
When Ordering, Please Specify Rigid or Swivel
